

# Hero | Spot | Bravo

The Hero, Spot & Bravo share the same elegant, classic design with three different styles of seating panels providing three distinct looks

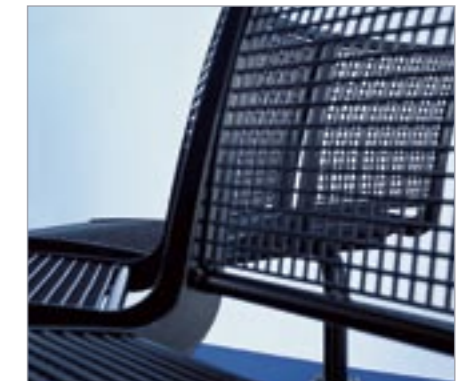

Hero

Hero

Spot (with optional armrest)

Bravo

Bravo

Spot

## Materials

An electro-polished stainless steel (grade 304) frame with laser-profiled ends is mounted on a pair of 60mm diameter supporting legs

Alternatively, the seats and benches may be made in steel, primed, cathodic dip-painted and powder coated any standard RAL colour

## Hero

The seat and backrest panels are made from 60mm wide x 25mm thick slats made from weather-resistant Niangon hardwood finished in a red-brown varnish as standard (see options for alternative finishes and colours)

## Spot

The seat and backrest panels are made from 3mm thick stainless steel (or in steel with steel framed seating) perforated with 25mm diameter holes. The panels are welded to the inside face of the seat frame

## Bravo

The seat and backrest panels are made from wire mesh of 4.8mm diameter stainless steel (or in steel on steel framed seating) with a wire pitch of 10mm. The panels are welded to the inside face of the seat frame

## Options

Three or four seater with or without backrest

Seating may be supplied in a curved arrangement to any required radius (min R750mm) with the seats facing either inwards or outwards

Bolt-on galvanised steel leg extensions to enable planting

Bolt-on armrest (which may be retrofitted) in either stainless steel or galvanised steel

Wall-mounting frame to allow seats and benches to be fixed to a vertical surface (as a replacement to the standard frame)

Alternative frame for all seats and benches to allow them to be free-standing

For Hero, the wood may be finished in any standard RAL colour with breathable wood paint

FSC (Forest Stewardship Council) wooden slats are available

## Installation

To be bolted to the ground as standard  
See options for variations

## Weight

Three seater without backrest: 27kg max  
Four seater without backrest: 34kg max  
Three seater with backrest: 39kg max  
Four seater with backrest: 51kg max

## Product Codes

See page 120 for Product Codes

# Hero | Spot | Bravo

This range is also available with integral LEDs in the frame which provide a glow of coloured light below and in front of the seat. Beneath each seating position are three apertures which are sealed against the ingress of dirt and moisture, each one concealing a single one-watt LED

Seating is available with white, blue, red, green or orange LEDs. A separate enclosure houses the driver for the LEDs ensuring there is only a safe, low voltage supply to the seating
