

# Kora

The Kora seat has been designed with both looks and comfort for the user in mind. The curvaceous line of the seating slats is guaranteed to provide a gently relaxed position, whilst the styling detail adds to this product's appeal

#### Materials

Cast aluminium ends and seat supports with stainless steel legs and flange plates finished in any standard RAL colour

30mm wide x 46mm deep untreated Kambala hardwood slats. Note that untreated wood will become pale silver/grey over time

#### Options

The slats may be treated with a light brown wood stain

FSC (Forest Stewardship Council) wooden slats are available

#### Installation

To be bolted to the ground

#### Weight

120kg
