

# Faro

## Materials

This simple and elegant planter has a galvanised steel frame and is clad with Moabi hardwood vertical slats with chamfered top edges which may be stained or painted (see options)

A polyester liner is fitted as standard

## Options

Finish: The Moabi may be stained with oak or mahogany colour wood stain, or painted any standard RAL colour

Adjustable Feet: For convenient levelling on uneven surfaces.  
Made in stainless steel

Handling Insert: A metal frame can be fitted to facilitate the removal and replacement of the liner when full

Water Reservoir: A watering system can be fitted into the base of the liner which will water the soil by capillary action. The reservoir is filled via a pipe at a corner of the liner
