

# La Ligne collection

Due for launch summer 2005

Seat

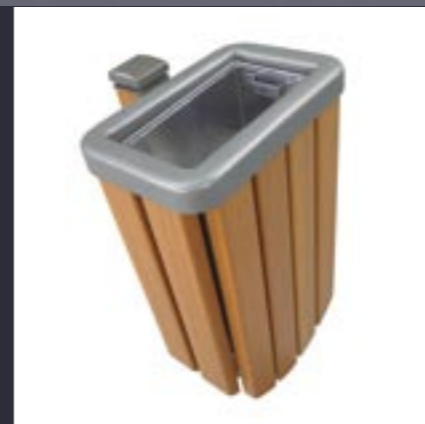

Bench

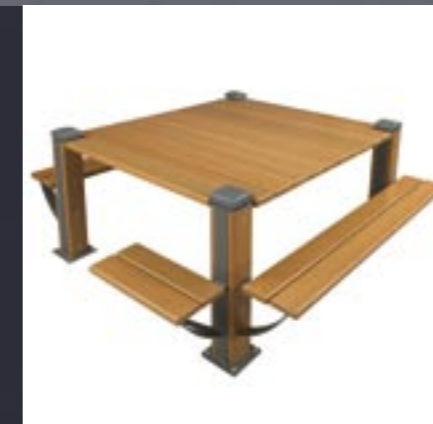

Bench

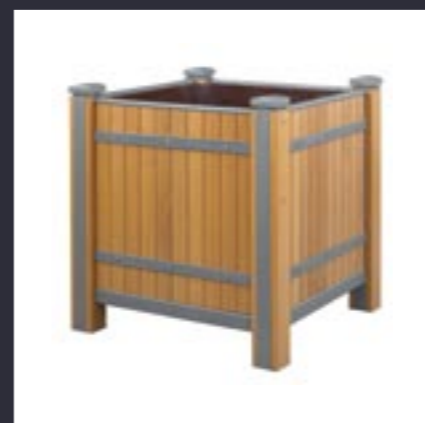

Litter bin

Picnic table

Guard rail

Planter

The La Ligne collection includes urban products from seats and bins to planters and guard railings all of which share a common modular construction

#### Materials

A galvanised steel beam, finished in any standard RAL colour, is clad with Moabi hardwood, synthetic wood or resin mouldings which are retained by vandal resistant fasteners and finished with a painted cast aluminium cap. This structure forms the main support for each product onto which the seat, bin etc. is mounted

Single seat bench

#### Options

The Moabi may be supplied stained in a mahogany or oak colour or painted any RAL colour with a special breathable paint

The synthetic wood may be supplied in cherry, light or dark wood finish

The resin mouldings may be supplied in a slate, translucent slate, granite or other finishes to order

The metalwork may be painted any standard RAL colour

Bollard and Lighting column

#### Installation

To be bolted to the ground
