heritage

Westminster
The Lanesborough Hotel, London

- Robust copper construction for enhanced corrosion resistance and longevity
- Ingress Protection – one piece glazing and silicone gasket ensure whole lantern sealed to IP65
- Frog has external connector block for ease of installation

Polished and lacquered option

Diamond Optic®

Diamond Optic® reflector system reduces light pollution and allows increased column spacings. See pages 16-19 for full details.

When fitted with 100w SON-T+ or CDO-TT lamps, Diamond Optic® setting A is unavailable and Diamond Optic® setting C (31/35) is restricted to 25/25 due to the size of the lamp and lampholder, resulting in a slightly altered distribution pattern.
